HAWK'S NEST REPORT:

TIPPY ELECTED NEW PRESIDENT OF NSCA -- CALDWELL TO BE SECRETARY AND EDIT "SCRIP TALK" BULLETIN -- VOTE TO FUND SCRIP BOOK PREPARATION APPROVED -- FALL VOTE WILL CONSIDER ADDITION OF MILL TOKENS --

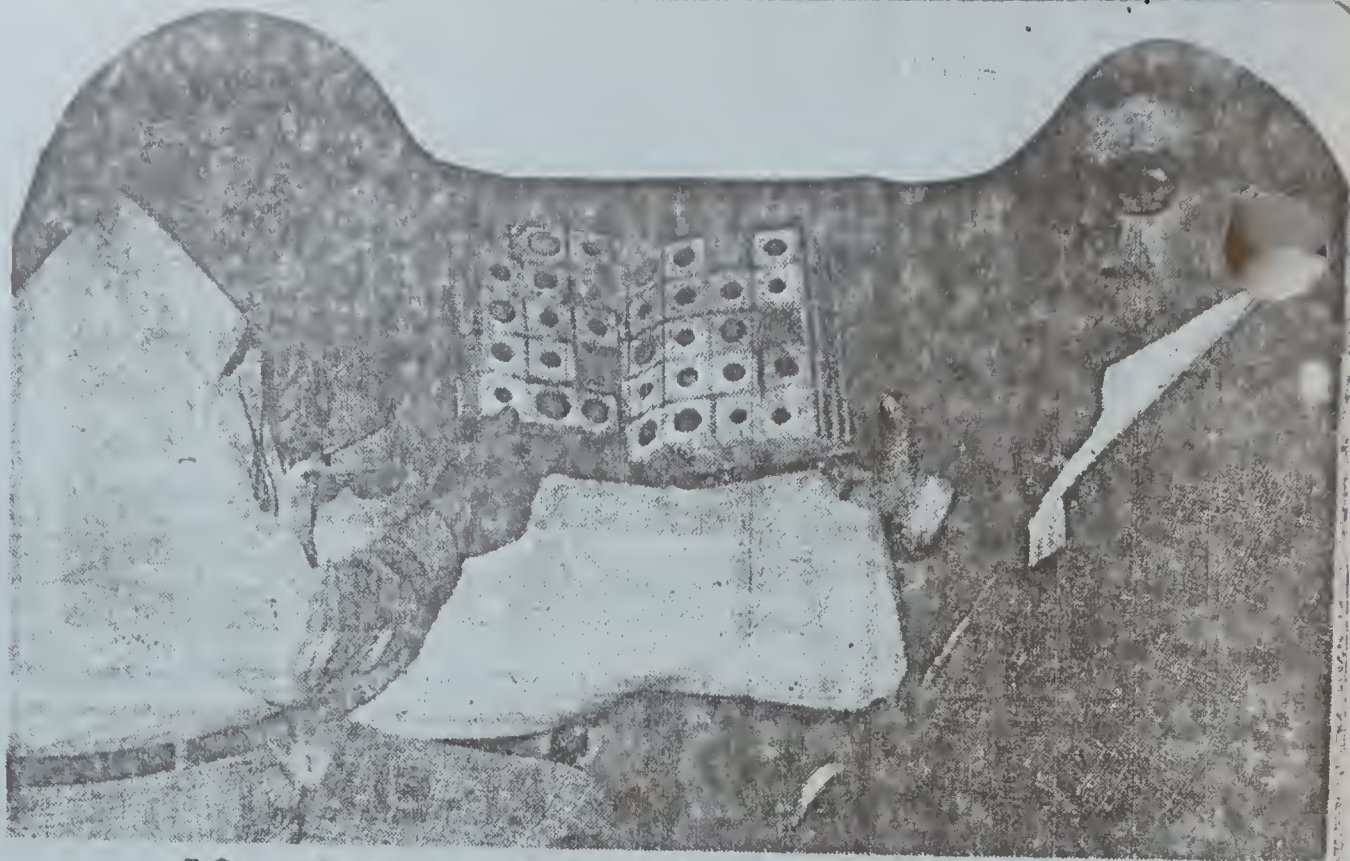

From Alabama, New York, Pennsylvania, Tennessee, Virginia, Kentucky, Ohio, Maryland, and West Virginia about 100 strong they came to Hawk's Nest Lodge, Route 60, Ansted, West Va. on Friday and Saturday, May 7 -8 for the semi-annual meeting of the National Scrip Collectors Association.

During the business meeting, the following new officers were elected following a report from the Nominating Committee composed of Paul Jensen, Dr. Charles Evans, and John Fliss: President: R. R. Tippy, Oak Ridge, Tennessee -- Vice-Presidents: Harold Snodgrass, Beckley, West Va., John Fliss, New Kensington, Pa., and Robert Craigo, Charleston, West Va. Secretary-Treasurer: Walter Caldwell, Fayetteville, West Va.

The Ancil Donohoe Memorial Trophy for the best article published during the past year was awarded to John Fliss for "The Salem Mine". The trophy for securing the most new members during the past year was awarded to R. R. Tippy.

As a special order of business at the Fall 1976 meeting, the matter of bringing in collectors of mill tokens will be considered. It was noted that the tokens largely were made by Orco and Ingle and are closely related to coal and lumber tokens. The largest use was in the cotton and spinning mills of the southern states. Comments on this will be welcomed by the officers in advance of the Fall 1976 meeting.

The membership voted to make up to \$1000.00 of organization funds available to the Executive Committee to insure a speedy completion of the Don Edkins book on coal scrip. To this point, he has photographs of over 2000 tokens and has catalogued over 10,000 items. He has screened every major collection known to determine rarity values and is ready to complete typing of the manuscript. It is the hope of all that the book can become a reality within a very short time.

Men Discuss Coal Mine Scrip Research

Walter Caldwell
(right) of Fayetteville,

the first national president for the National Scriptors Collectors Association, was in charge of their spring meeting held Friday and Saturday at Hawks Nest Lodge near Ansted. He is shown going over the collection of Don Edkins of Newport, News, Va. Edkins took five years of research in compiling the history and information for each denomination of coal mine scrip and has catalogued 11,-

000 and photographed 2,000 pictures of different pieces. This is to go into a book for a reference guide for all of the United States on coal mine scrip. During the meeting, R. R. Tippie of Oak Ridge, Tenn., was elected as the new president. He also won the walnut trophy recruiting the members. The fall meeting will be held in Kentucky the first weekend in October.

Scrip Collectors At Spring Meeting

Attending the National Scriptors Collectors Association spring meeting Friday and Saturday at Hawks Nest Lodge near Ansted were (seated left) Paul Jensen of Fort Thomas, Ky., who has the largest known collection of one cent scrip, 1600 pieces from 31 different states; Cole S. Cuttle (seated

right) of Hollins, Va., originator of the organization 10 years ago, and David Schenkman (standing) of Indian Head, Md., author of "Authority on Tokens" and the editor on "Civil War Token Society Journal" and "Anthology of U. S." One-hundred persons attended from the

states of Alabama, Virginia, Ohio, Pennsylvania, Maryland, Kentucky, Tennessee, New York and West Virginia. The outgoing president, Walter Caldwell, announced that any reader wanting a free bulletin on scrip collecting can write him at Box 29, Fayetteville.

The news clippings do not come out too good on the photo scanning electronic stencil process, however, thought you might be interested in some of the news releases. Anything that you can do in your home area to promote coal and lumber token collecting will, in turn, boost your own individual collection.....

President R. R. Tippy had already started to Conn. when the photographer got to Hawks Nest.....

NSCA - SPRING MEETING - MAY 8, 1976 - Hawk's Nest Lodge, Ansted, West Va.

REPORT BY PRESIDENT WALTER CALDWELL TO THE MEMBERSHIP:

I want to thank each of you for the support that you have given me as the first President of the National Scrip Collectors Association. I know that you will give this same support to the new President that you elect here today. I would certainly be remiss if I did not mention the special effort by Paul Cunningham for conducting the "want ad" section in the bulletin and to John Fliss for conducting the "Question and Answer" feature for each issue.

I am pleased to report that the present organization balance at The Fayette County National Bank, Fayetteville, West Va., is \$1875.52. There is cash on hands in the amount of \$24.00 for a total of \$1899.52. There are no outstanding accounts. Too, as you are aware, none of the organization funds are used for publication of the organization bulletin.

I am displeased to report that we have lost several members by "non-renewal". The current 1976 paid membership stands at 252. Since we have issued a total of 363 membership numbers, thus, our loss through death and non-renewal totals 111 during the past three years. This membership problem, I feel, merits special attention and consideration of the Executive Committee as well as the membership at large.

I am still firmly convinced that a book on coal scrip is sorely needed by token collectors everywhere. At every turn, I hear the comment - "when is the book to be available?". Every member present should make a special effort to do whatever is needed to see that this becomes a reality. This, by the way, would have the effect of increasing the value of every token in your collection because the more collectors - the more demand for available coal items.

I want to urge that you contribute to the bulletin. We need now a volunteer to handle the "New Finds" feature each month. We need more of the articles for publication such as we had in the last few issues.

Finally, for those of you who are members of TAMS, I urge that you help me to advance the hobby of coal and lumber token collecting. I am a candidate for re-election to the Board of Directors at the meeting to be held in New York in August. If you favor my candidacy, I would like for you to vote when the ballots are mailed in July. Too, whether you are a member or not, I solicit your comments and suggestions regarding TAMS. Your response will be used for my report at the Board meeting.

Again, thanks for many wonderful months of association with a host of fine folks. I hope to develop many additional friendships during the months ahead as I pursue those elusive coal and lumber "goodies".

Walter Caldwell

QUESTIONS and answers

John Fliss, Q & A Editor
321 Pershing Drive, New Kensington, Pa. 15068

Send all mail for this feature to above address

Q: A scriptor received two pieces of unsolicited scrip through the mails and misplaced them. He wishes to know what is his responsibility.

A: The local postmaster informed me that unsolicited merchandise need not be returned or acknowledged. This would tend to alleviate the legal aspects. But, as to moral implications, your conscience must be your guide. I would return the merchandise or, in this case, I would remit the reasonable value of the tokens.

Q: A Connecticut scriptor asks if anyone can attribute a token listed as "The Honaker Lumber Co., Inc."

A: This one is easy. The Honaker Lumber Co. location is Honaker, Russell Co., Virginia.

Q: A reader asks if anyone knows of coal scrip from North Carolina.

A: This is a difficult state indeed, with limited coal operations in the past. Your editor was privileged however to see recently a complete set of The Carolina Coal Co. in the possession of another collector. It is without doubt the most beautiful and desirable set I have yet seen. Dodrill lists a token from the company but I am curious as to just how many are really around. I know of no other coal tokens from this state.

Q: A collector writes that he has acquired a Kington Coal & Coke Co. 1¢ aluminum, octagon shaped piece of Morganfield, Ky. and he wants to know if this should be Kingston as Dodrill has no listing for Kington.

A: A check made with a couple of advanced collectors indicates that the token should be Kingston Coal & Coke and that it is definitely an error of medium rarity.

.....
The following information was received regarding the Maverick listed in the April 1976 issue as "W.D.B.T./Bear Branch Mine".

A 1930 issue of Bullinger's Postal Guide lists a Bear Branch Mine in Clay Co., Ky. with the nearest post office being Manchester, Ky. If some of our Kentucky readers would follow up on this lead, we may succeed in definitely attributing this token and unraveling the mystery of the initials. (We are indebted to Scriptor Al Zaika of Bellmawr, N.J. for the information given.)

WALTER CALDWELL

WALTER CALDWELL AND DISPLAY OF COMPANY STORE SCRIP

If you are a member of TAMS (Token and Medal Society), I would appreciate your vote and support in my bid for re-election to the TAMS Board of Directors. Ten will be elected and ballots will be mailed to all current members at the end of June, 1976. Winners will be announced at the TAMS meeting in August in New York as a part of the ANA event.

If you are not a member of TAMS, and would like more information, please let me know and I will forward information to you at once.

It is my thought that a TOKEN collector should be represented on the board. I have collected coal and lumber tokens for many years and this is my major hobby. I believe that I can contribute to the advancement of our hobby as a member of the TAMS Board. I would appreciate your vote for ONE of the ten to be elected. Too, would appreciate your comments and suggestions regarding TAMS so that they can be presented to the TAMS board at the next meeting.

Dear Editor:

In your last issue of SCRIP TALK (April 1976) there was a fine article by R. R. Tippy, in which he used the word "Scriptor".

With all due modesty, I take credit for coining that word - SCRIPTOR. In our Issue No. 4, of the Company Store, dated February 1967, we had a listing of words relating to our hobby, under the heading "Striptionary", as follows:

SCRIPTIONARY

Scriptology -	The science of collecting SCRIP
Scriptor -	One who, as "Dear Scriptor"
Scriptrip -	A quick trip to pick up SCRIP
Scriptrek -	A long trip hunting SCRIP
Scriptmobile -	Used on a Scriptrip or Scriptrek
Scriptoter -	Your helper on a Scriptrip
Scripoke -	What the Scriptor carried (cloth)
Scripchel -	What the Scriptor carries (tackle box, or satchel)
Scripville -	Any place having a company store
Scripless -	The way you return from a Scriptrek
Scriptorial -	A story about SCRIP
SCRIPting -	Working over, sorting, dreaming about
Scriptorium -	The room or place in which SCRIP is kept
Rescriptacle -	The containers in the Scriptorium
Scripment -	A shipment of SCRIP
Scripfully -	A closing for a letter, as "Scripfully yours"
Scriptease -	Showing and bragging about SCRIP, not intended for sale or trade
Scriptacle -	A beautiful display of SCRIP
Scriptacule -	A glass for examining SCRIP
Scriptography -	Making a rub or impression of SCRIP

I would appreciate your giving this some space in SCRIP TALK, as I'm sure some of your newer members would enjoy the list.

Scripfully yours,

CSC:j1

On the next two pages you will find a list of tokens I have for trade for South Carolina tokens. I have also included a list of wanted items from south Carolina including some county seats, two worded cities and a special list I would like to acquire. Any help would be appreciated. In the past my experiences with coal scrip collectors has been excellent and I would like to thank each of them that has added a 'jewel' to my collection.

See Other side of this Page for Want List of South Carolina tokens

Dear Collector;

Will you help me in making my South Carolina token collection grow? I'll trade or buy. While I have some tokens to trade, unfortunately it is small so please quote me a price of any S.C. tokens you may have. I believe you'll find that I'll offer a better than fair price for them. At present I'm trying to complete a set of tokens from each county seat in South Carolina. I also kinda specialize in tokens from Anderson and Anderson County as that is my home. And finally I've listed some of the towns and cities in S.C. that I would like to have a token from.

I'm a member of TAMS, METCA, AVA, NSCA, and S.C. N.A.

Another exciting collection of coal, lumber and miscellaneous tokens for your selection... We urge that you check each listing carefully - many have overlooked fine items in the past sales ... Too, remember that the sale profits are used for publication of the bulletin - we must have your bid participation if we are to continue with a good publication - Mail your bids early - on tie bids, earliest postmark gets the lot...

Coal mine scrip was very active at Hawk's Nest meeting... Those of you who get started before publication of THE BOOK will reap rewards when these tokens become nationally known...

NOTE: We need choice material for future auction sales.. If you want to consign better coal and lumber tokens, you will realize a good return.... Commission charge is made only for items that sell and you can specify a minimum bid on each lot if you desire.... As will be noted from the last few sales of the Donohoe collection, prices far above the estimated value were received on the better items.... Give it a try on the better items - the common pieces will bring only little bidding....

+++++
We need additional membership support for NSCA !! Surely we can round up several hundred new coal and lumber token collectors... Have you seriously considered helping secure a new member ?? Remember -- with each new collector, the demand for coal and lumber tokens goes UP....

PRICES
REALIZED
SALE NO. 434
CLOSING DATE
JUNE 18, 1976

Others charge \$1.00 or more for Prices Realized. This is a FREE bonus for all Scrip Talk readers.... On numbers not shown - no bids were received.... On tie bids the earliest postmark was used to award the lot....

May we urge that you get your bids in early....

Remember -- profits from the Mail Auction Sale is what makes your bulletin possible. What with the high cost of postage, mimeo paper, etc. we need your continued support if we are to continue with a good bulletin....

THE COAL SCUTTLE

By: Uno Whoo

(A new feature for Scrip Talk readers)

A long time ago someone tried to list names for the pieces we collect, and they are many. We list a few, herewith:

Scrip - Trade Checks - Stickers - Brozine -
Lolly - Doo-lolly - Jingles - Bingles - Clacks -
Clackers - Sunflowers - Chips - White horses -
Tin money - Rabbit money -

We'd be interested in any other names used for these pieces of scrip. Send them along to the Editor of Scrip Talk, for future listing.

+++++

Good quality coal - lumber - and mill tokens are needed for future mail sales. We will buy or accept on consignment with commission only on items sold. The better the material that you send - the better your return !!
